Client Testimonial

"After many hours of scrolling Facebook and the internet I came across Kara Mae Photography. She focuses more on your personality rather than poses. She was so easy to work with, kind, and friendly. I seriously cannot recommend her enough. I will use her for all my future photography needs. Again, I HIGHLY recommend Kara Mae Photography! She is truly the best!"

Client Testimonial

"Kara is so kind, funny, personable, caring and attentive!! She captures true beauty in the personalities of her subjects. She got me images in what I consider more than a timely matter and I will recommend her to everyone!"

Chloe Swoboda

Hello There!

Hey 2026 Senior!

Your senior year is such an exciting time as you start planning for your future and figuring out where you are heading. I am overjoyed that you are interested in having me photograph you at this special time of your life.

In addition to creating stunning photos, it is my goal to make you feel like the best, most authentic version of yourself in front of the camera while having a blast. I am all about capturing your one-of-a-kind personality over stiff poses.

If this sounds like something you would be interested in, I think we'd make a perfect match!

FAQ

When should I have my senior portraits taken?

Typically senior portraits are taken the summer before your Senior year. Make sure you check with your school about the yearbook photo policies and deadlines.

How do I choose a place for my senior portraits?

Together we will talk about the look and feel you want in your portraits. The best locations are the places that mean something special to you and fits your style.

What is it rains?

I will watch the weather closely as your session approaches. If it looks like rain we'll reschedule to a day and time as soon as possible.

Can I Bring My Parents or a Friend?

Of course! I encourage you to bring someone that will help you relax and have fun! If you are under 18, I insist you bring someone.

What should I bring to my session?

This session is about you so bring anything that shows off your personality and interests. Props could include athletic uniforms, musical instruments, cars, and yes, even pets.

Additionally, if you are doing your own hair and make-up bring supplies for touch-ups between scenes.
